Game Bird Banded in 1934 Shot Near Lac la Biche

LAC LA BICHE—Const. J. R. Moisey shot a pintail drake recently near Lac la Biche, wearing a band with the number 34-616480, banded at Pintail Gun Club, Irvington, California, dated February 28, 1934, by Mr. Tucker.

By means of these numbered bands important investigations relative to the migrations and life histories of North American birds are being carried on. The bands are attached to the birds by volunteer co-operators, who serve without pay.

These co-operators are scattered over the hemisphere, in Alaska, Canada, Mexico and the United States, and in South America and the Hawaiian Islands.

Wild birds banded and released in North America have been recovered as far away as Argentina, Siberia, Africa, Greenland, France, and Palmyra Island on the Equator in the midle of the Pacific Ocean.

From these recovery reports the ages which the birds attain in the wild are being ascertained. A few examples are: Black Duck, 17 years; Caspian Tern, 22 yeas; Purple Martin, 14 years; Chimney Swift 12 years; and Chickadee, 9 years.

Scientific banding or "ringing" dates back to 1899 in the Old World and was first organized on this continent by the American Bird Banding Association in 1909. In 1920 the program was taken over by the U. S. Biological Survey (now the Fish and Wildlife Service). By authority of the Migratory Bird Treaty Act, bird-branding in North America is under the U. S. Department of the Interior in co-operation with the Dominion Wildlife Service of the Canadian Department of Mines and Resources. Special permits have been issued to some two thousand volunteer co-operators who do most of the actual banding.

Nearly six million birds have now been banded and some four to five hundred thousand more are being banded each year.

From these birds some 500,000 recovery and return records have already been obtained. The success of the bird-banding work is dependent on the voluntary co-operation of the general public in reporting all the banded birds.

The Service hopes that people will continue to help us in this work by reporting all bands that come to their attention, giving the entire number (which includes a series designation such as "A", "46, "141", "48", "486", etc.) and a concise statement as to date found, where, and how obtained. Preferably send the band to the service for examination. It will be returned if you so request.

BRIEREVILLE NEWS NOTES

BRIEREVILLE—Mr. and Mrs. Albert Nelson of St. Paul, are visiting at the home of Mrs. W. Henderson.

It is rather an odd thing for this time of the year: some of the farmers are busy combining, some discing, and Herbert Thompson was cutting flax with a binder the other day.

The weather is favoring some of the people as there is still threshing to do and some alfalfa fields to be combined.

N. W. Whitford has taken a contract from Hayward Mills of Lac la Biche to cut timber out at Big Bay.

Mr. and Mrs. Bill Anderson and daughter, and Mr. and Mrs. Ernest Blais and family, have moved to the city for the winter. Best of luck in your new surroundings!

Congratulations are extended to Mr. and Mrs. Robert Henderson of McRae, formerly of Brierville, on the birth of a new son.

Mrs. H. Liddle is the owner of a new Chevrolet.

Hall Is Sold At Kikino

Mr. Daniels bought the Kikino Hall and moved it on Friday. They used 12 teams to move it just across the street to the next lot. He is going to remodel it and use it for their home. So the Kikino people who want to dance will have to go to dances out of Kikino this winter until they build a new hall.

Last week was a tough week for a couple of the fellows that own trucks. When one was coming from Lac la Biche a tire came off. Another fellow went to the dance at Goodfish Lake ond on his way home he lost his spare tire.

So, we see that Jerome Donald is driving a big truck around Kikino now. We all wish you the best, Jerry .

Mrs. James Bellrose, Sr., has gone up to Waterways to visit friends for awhile.

TRIPLETS HAVE BAPTISM SERVICE

GRASSLAND.— Further details are now to hand of the baptism of the famous Holdis triplets. The service was held at Grassland Anglican Church, with Father Fick officiating. The godfathers and godmonthers for Romeo Holdis were Mr. Mike Homeniuk and Mrs. Mary Hula. For Clement, Mr. Dan Sadownik and Mrs. Chromiak, and for Grace, Mr. Matt Sawchyn and Mrs. Rosa.

A party was held later at the Holdis home. Presentations amounted to $126 and gifts for the babies were valued at $50.

On Sunday, November 5th, the wedding of Miss Lillian Borduzak solemnized at Proskeritz Church. A reception was held after the service at the bride's home. The happy couple left later for Ellscott, where they will reside.

Shirley Derko arrived home on Thursday from Lac La Biche hospital, after recovering from an appendicitis operation.

Mr. Mike Homeniuk is at present in the same hospital with an abscessed tooth.

Mr. Ira McKenzie is considering trading in his Pontiac car for a 1 1-2 ton truck.

The Grassland Ladies Community Club will be putting on a Grand Bazaar at the Hall, Wednesday, November 22nd. There will be bingo, a chicken supper and other attractions, with a dance later.

Anne Sorochan Wed To Mike Steffin In Pretty Ceremony

LLB.— A very pretty wedding was solemnized in Edmonton at St. Joseph's church on October 26th, when Miss Anne Sorochan, eldest daughter of Mr. and Mrs. Pete Sorochan, of Lac La Biche, became the bride of Mike Steffan.

The ceremony was performed by Rev. A. Kaustowka.

The bride was charming in a floor length veil and dress of white satin with lace and lily point sleeves. She carried a bouquet of pink roses and her only jewelry was a rhinestone necklace with matching earrings.

The groom wore a deep blue suit.

Bridesmaids were Miss Anne Zukousky and Miss Violet Romaniuk of Edmonton, and Miss Jean Horosko, of Boyle. They wore floor length gowns with bouquets in different shades.

Best men were Mr. Bernard Romaniuk, Mr. Done Sorochan, brother of the bride, and Mr. John Kotyk, cousin of the groom.

Wedding photos were taken at a studio.

They left for their home at Lac La Biche on Octoer 27th. A reception was held, and a dance in the Memorial Hall, with a large attendance where a most enjoyable evening was spent with friends of the happy couple.

Beautiful gifts were received and the groom received a large donation.

The newly -weds will make their home at Lac La Biche among their many friends where Mike has a mink ranch and is a partner in Romaniuks Radio Shop.

Fire is a Grim Reaper

Ten known dead, as a result of explosion and fire at Leduc last week is a relatively high death toll due to this catastrophe at the small hotel there.. Our sympathy is extended to the hotel owners, the bereaved and the town of Leduc in this tragic loss.

There is increasing danger of more loss through fire as the cold winter weather grips Alberta is its icy grasp for another five months. No precaution against fire is too elaborate. No one ever lost life or substance through fire because they were too careful.

Holding Back Inflation

Contrary to the views of the House of Commons Social Credit leader, this paper does not feel we can fight the Korean war by simply issuing more credit. That philosophy was fine in a period of depression and deflation but now government is faced with a situation where industry is competing with government for available man power and supplies, resulting in a spiralling cost of living index.

The Canadian Bank of Commerce, in its monthly survey of conditions, states that since November, 1947, Canada's reserves of U.S. dollars have been gradually increasing. The United States is bidding for Canadian goods and services, but also a great deal of the inflow of U.S. currency was due to speculative investment—in hopes the Canadian dollar would be put on a par with the U.S. dollar.

Instead of doing that, the government wisely freed it from control, to seek its own level. This then becomes an anti-inflationary move because the United States customers can't buy as much with their money as they did formerly, and the cost of imports to Canadian consumers is less.

However, this is quite a small, though necessary step, in the war of inflation. More and more controls such as the recent Consumer Credit rulings are necessary to bring down the cost of living, or at least hold it in one place on the index.

Farm Prosperity

J. H. Wesson, president of the Saskatchewan Wheat Pool, said last week that Western Canadian wheat farmers are dependent to a substantial extent upon the purchasing power of overseas wheat importing nations. The lack of such purchasing power on the continent of Europe in recent years made necessary the generous use of Marshall Plan funds for the purchase of Canadian wheat and Canada's billion dollar gift to Great Britain, and also justified the Canada-United Kingdom wheat agreement.

Canadian farmers did not get prices for their wheat comparable to United States wheat prices, Mr. Wesson said, because in the latter country the market is supported by a government floor figure and does not reflect any actual world price. In 1942, he said, when the Canadian floor price was 70c, May wheat was quoted on the Chicago market at $1.29¾.

Note and Comment

Conviction brings a silent, indefinable beauty into faces made of the commonest clay; the devout worshipper at any shrine reflects something of its golden glow. — Honore De Balzac.

Saskatchewan fears widespread grasshopper infestation next year. I. C. Nollet, provincial minister of agriculutre, says that shallow fall tillage is the most effective means of combatting this pest.

Canada's exports of wheat and wheat flour during the months of August and September totalled 32,901,276 bushels.

The Plight Of the Alcoholic

By T. W. Pue

A smart looking man, obviously above average in intelligence,, suitably dressed for the time of year (it was late June) walked into my office several years ago when I was circulation manager of the Edmonton Bulletin. He told me he had worked for various other daily newspapers, particulary at the west coast and wanted a job travelling in Alberta. Most of the best young men were still overseas, and as we were short of help readily hired this fellow.

I'm ashamed to say it, but for two weeks he was on our payroll, and I don't believe he did two days work during that time. He was sent out to Alberta Beach to do one day's work, came back at the end of the week saying he had been sick, unable to return to the city and unable to write a letter or telephone us to say he was sick.

I secretly called him a liar, but the truth of the matter is that the man was sick.

He was continually unwell, because there was one over-powering drive in his life for which he weakly sacrificed all else that a man holds dear. This man, like over a million others on this continent, was and perhaps still is an alcoholic.

Who Is Alcoholic:

Yes, you can readily detect him. He's the poor bloke who is always poor, always broke. As a traveller, he can make as much money as the sober saleman, when he works. But he only works long enough to pay his last liquor debts and get completely soused again. Chances are he's never completely sober, unless taken by the law for killing or maiming innocent persons when he's drunk and then he is sober until released again from the clutches of the law.

T. W. Pue

He is boastful of how he can hold his liquor. His wife and family may be destitute and suffering, but the money he should be giving to them he spends as a good-time Charlie to make himself a big shot in the eyes of his pals.

He often goes from job to job, and if not particularly talented gets work only when there are plenty of jobs. I personally know scores of these men, and I believe they know they are alcoholics.

One of these chaps, in his youth in another province was a successful young newspaper publisher. He was active in politics and was elected as one of the youngest members of the House of Commons. He was a good dresser, good talker and good mixer. He was popular. In time he married and began to raise a family, and then alcoholism caught up with him.

It wasn't sufficient for our friend to have a "quickie" before meal time. He spent more and more time drinking. It he couldn't find a drinking crony, he made a fast friend in a hurry, and spent the day drinking. The beer parlors are open only 12 hours a day and not at all on Sundays and holidays. So he went to the Government liquor store before a holiday, or before closing time, and always had sufficient on hand to see him through until sobering-up time the next morning.

This man lost his job. He has more creditors than friends. His wife has divorced him and is now trying to get support for their two girls.

Alcohol Vs. Business

A man is an alcoholic whenever his craving for drink interferes with his business or his family responsibilities. Entreaties of mothers, wives, children and friends to leave the bottle alone are generally of no avail. Suffering the pangs of re-remorse at their conduct, alcoholics have to suffer the criticism of loved ones and soon find themselves unable to face the world. They drink to escape responsibility and then blame their irresponsible behavior on drink.

Measures Against Alcoholism

I believe the twin liquor interests—the Government and the Industry are sincerely desirous of every drinker practicing moderation. I have talked to Hotel men who have deplored the case of the chronic drinker and have honestly tried to fulfill the legal and moral laws against excessive drinking.

Next week I want to continue this subject and discuss those regulations designed to keep the alcoholic from getting liquor, and tell you why I think the regulations fail and what steps could be taken to improve them. This will be the second in a series of three articles dealing with the subject of excessive drinking.

Voice of the People

"VOX POPULI, VOX DEI"

Dear Sir—Re statement made by Tim Buck recently and which appeared in Alberta papers to the effect that science, as far as he was concerned, had blotted out his faith in God. I am surprised that any newspaper would publish such ignorant tripe. Any man who puts himself up as a leader of people should be the last to deny the existence of a living God.

If God in his anger should take away the breath of Mr. Tim Buck, he would drop like a dog and his bones would stink within 24 hours and this is the truth. If people would study the scriptures they would know this to be true. Mr. Buck was not so emphatic against Almight God so late as one year ago, for I have been reading his papers and it grieves my soul that men and women should turn against the very Creator which gave them life and happiness and who has the power to withhold any of these from them without even as much as a moment's warning.

Science has glorified and proven the existence of a supreme being..

Men of wisdom are the ones who know and believe in a supremacy of the living God. "Ask any true scientist." Any person who has an ounce of intelligence knows that from nothing comes only nothing. This, in fact, is the first principle of science.

Oil Town Mayor

Dear Sir—The article in Maclean's Magazine's current issue "Oil Town Mayor" is just another point to show how far our town's name is spreading.

For one, like myself, who came with the Redwaters boom, it has been a pleasure to watch the town grow and expand; and it is an even greater pleasure to see it receive its just recognition.

But there was one point in Earle Beattie's article which really made me smile. In the closing statement, "Nineteen street lights blaze out on the prairie to mark the town of Redwater . . . " since when was our rugged bushland termed as prairie?

Craigend News Briefs

CRAIGEND—Everyone is now taking time off after a long harvest, nearly everyone from Craigend made a trip to Edmonton they are the following: Mr. and Mrs. Alex Grigorvich, Mr. and Mrs. Stanley Tkachuk, Mr. and Mrs. Walter Stuparek, Mr. and Mrs. H. Happner, Mr. and Mrs. H. Benuik Mr. Pete Benuik, Mr. Steve Ulawk and Miss Adeline Happner. Also Mrs. Onischuck and Mrs. Burdeck.

Mr. Tom Tkarchuk is a proud owner of a sedan car.

Mr. Danyluk is early this year with bushwork. He is busy sawing lumber.

The Craigend dance turned out quite well in such rainy weather. The sum of ninety dollars was collected, which will go to the Christmas presents.

The Birch Grove School is now moved to Craigend. Last Friday the old model tractors were busier than ever helping Joe MacKinnon pull it.

Mr. Fedrok had a sudden back ailment last Sunday. He was rushed to Lac la Biche Hospital.

Mr. H. Ganger is here visiting Mr. J. Gervais.

Rush Operation Saves Boy's Life

EGG LAKE.— Mr. and Mrs. Robert Lemay had to take their young son Marcel to Lac La Biche on Friday, Nov. 3, where he was operated on immediately for appendicitis. He returned home on Nov. 9.

Jerome, young son of Mr. and Mrs. Maurice Lebeuf, had the misfortune of falling off a horse and breaking his collar bone. He also is doing well and is home.

Mrs. Lucien Pare had to take her young daughter Linda to Edmonton for treatment resulting from a bad scalding she received several months ago which had not healed properly.

Mrs. Camille Ostiguy went to Edmonton for medical treatment.

Mrs. Armand Lebeuf has gone to spend some time with relatives in Edmonton.

Residents send sympathies to the Jean Lebeuf family from Lac La Biche in their bereavement. Mrs. Lebeuf was well known in this district. She lived here several years, both before and after her marriage and has left only friends. Her uncle, Rev. J. A. Lemay from Valleyfield, Que., who is visiting here, sang the requim Mass, assisteed by Father Ouellette and Father Gauthier. Her admirable resignation in the long years of suffering is a shining example of what ture Christianity can do.

Her children can also serve as examples of filial devotion and love for the way they have taken care of her and so has her husband.

Card of Thanks

We wish to thank each and every one who attended our reception and dance, also for the beautiful gifts and donations received from our many friends.

Plan New Provincial Park In Lac la Biche District

A new holiday centre may make its debut in Alberta in 1951.

Lac la Biche, 125 miles northeast of Edmonton, will probably be the site of a new provincial park offering tourist attractions not found elsewhere in Alberta.

Various Lac la Biche organizations have set as their prime objective the development of a community recreation centre and provincial park in the thriving northern town.

Heretofore unrecognized as a potential tourist mecca, the Lac la Biche district is one of the most beautiful regions of Alberta, with hundreds of lakes and streams offering fine fishing and camping opportunities.

One of the most active organizations in tourist development at Lac la Biche has been the Lions Club.

Mr. Holloway, chairman of provincial parks, and Mr. Clark, secretary of the Parks Branch, were recent guests of the club.

Following a meeting in the new Lac la Biche Hotel a party comprised of Mr. Holloway, Mr. Clark, H. Lobay, M.L.A., L. G. Hall, H. McCaskill, R. Raines and W. Gordichuk toured the community centre and then boarded the famous lake steamer "Kay Vi Lena" and were taken to Big Island by J. Strombitsky.

Big Island was found to be one of the finest natural park areas of the province.

This beautiful island is situated about 200 yards off-shore. It is understood that building of a cause-way from the mainland to the island will be relatively inexpensive.

Lac la Biche anticipates being able to welcome many thousands of Alberta citizens to her newest and finest playground in the vast lake-dotted northland, where fishing, hunting, boating and bathing are unexcelled.

WILSON MUM ON JAIL EXPENSES

H. J. Wilson, deputy attorney general for Alberta, has refused to disclose how much is being spent to maintain prisoners in the provincial jails at Fort Saskatchewan and Lethbridge.

A reporter for this newspaper asked Wilson if he would make a statement on this question.

"No. I certainly will not," was his reply.

Two weeks ago a Calgary labor organization hurled charges at the provincial government that a riot had been caused in Lethbridge jail over poor food being served to inmates.

Wilson later denied the charges, saying that the food in the provincial jails is "adequate."

When pressed for a statement, however, Wilson hedged enough to say that the figures are "available in the public accounts."

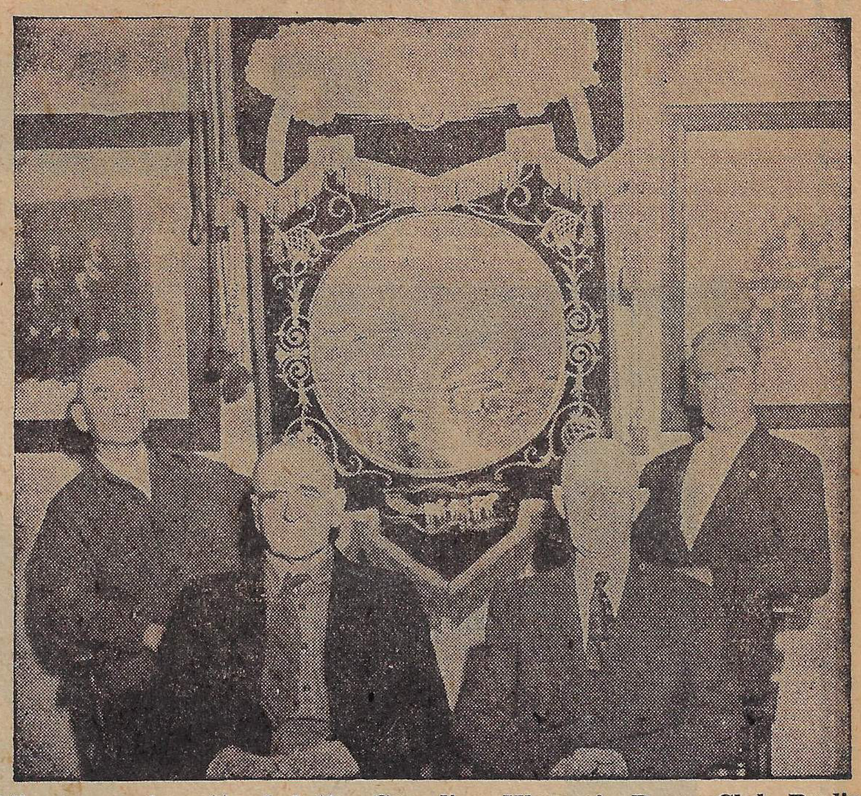

While the total cost of maintenance of prisoners in the provincial jails runs to a considerable figure, it has been reported that about 25 cents per day is spent to feed inmates.

It has been charged that overall high cost of administration is the result of inefficient operation, with prisoners being worked at menial tasks or not worked at all, rather than being employed in productive jail industries.

Information has been made available to this newspaper indicating that expenditure of food in the jails has been drastically cut, despite rising jail population.

Several months ago a series of articles appeared in this paper on Fort Saskatchewan. Following their publication, Inspector Stott resigned his post, with the comment, "I'm fed up."

ALBERTANS HEAR TALES OF YUKON

Albertans who attended the Canadian Women's Press Club By-line Ball in Edmonton this week heard tales of adventure and romance in the Yukon by John Dynes, Alex Adams, Dave Ballantine and Andrew Baird. They spun stories of shooting the rapids through Chilkoot Pass, gold fever in the Klondike, entertaining in the Gold Nugget Dance Hall with Klondike Kate, and other famous personalities of yesteryear.

Enough Natural Gas Here For Export, Says Dixon

Alberta has enough natural gas to meet the "highest estimate" of Alberta's needs for the next 30 years, to permit a 20-year export program of 80 billion cubic feet per year and to leave a balance of 1.6 trillion cubic feet in 1980, according to A. F. Dixon, president of Northwest Natural Gas Company, who testified before the Alberta Petroleum and Natural Gas Conservation Board at Calgary last week.

The hearings were called by the Board to obtain from prospective pipe-line building companies, their estimates of how much gas was in Alberta's present wells, how much could be delivered from those wells and how much would be needed by the growing province in the next 30 years.

Mr. Dixon said his company's figures on Alberta's gas reserves were based on the latest independent survey.

Alberta's consumption at 78,000,000 Mcf. annually which gives a total requirement of 2,142,000 million cubic feet for Alberta during the 30 year period.

Export under the plan he proposed, would take 80 billion cubic feet annually via a short route pipeline to the Pacific Northwest and British Columbia, which on a 20-year plan would, along with Alberta's own 30-year needs, consume 4.4 trillion cubic feet including shrinkage and losses. Thus 1.6 trillion cubic feet would be left untouched in the present wells alone, apart from the obvious development which will bring in vast new gas fields in coming months and years.

The LIGHTER SIDE

Indian Giver

Rastus Jackson and his wife had separated, and a neighbor was interested when she saw Rastus slip into the yard and disappear into their house. Deciding to investigate, the neighbor hurried to the back door and met Rastus emerging with a washtub tightly clasped in his arms and trailing a washboard and wringer after him.

"Whut yo' gwine to wid dem, nigguh?" she demanded.

"Pawn 'em came the emphatic reply. "Dat woman ain't gwine to vamp no other nigguh wid mah weddin' presents!"

Imagination

A mother lost her little daughter in the week-end confusion at a railway station. After a frantic search she finally located the child in the midst of a group of nuns. Both the little girl and the nuns seemed to be having a good time.

"I hope my daughter hasn't been giving you too much trouble," exclaimed the relieved parent.

"On the contrary," chuckled the Mother Superior. "Your little girl seems to imagine that we are penguins."

LETTER TO LOUISA

Young Man Won't Help Support Alberta Family

Dear Louisa:—I live with my mother and my only brother. Mother works and so do I but brother doesn't seem to be able to hold a job very long. He is very pleasant but it gets on my nerves to have him sleeping late and sitting around the house all day while mother and I pay the bills.

Personally, I think he is just lazy and not interested in working when he can loaf but mother sympathizes with him and thinks I should help him out when he has the hard luck to be out of work. Which means that the money I had saved for a trip or some special thing very often goes into shirts and shoes for him.

I am geting tired of it and am thinking of getting a job in some other town as I am a very good stenographer. What do you think of this idea?

DISGUSTED.

Answer:

Why mothers think that their daughters should work to support big lazy boys I can never understand, but some of them seem to be blind to their son's faults and expect their daughters to take their hard earned money and keep baby boy who is six feet tall and enjoys his morning nap, not only in food and clothes but in cigarettes. Nothing can convince these doting mothers that these boys are lazy and not suffering from bosses who misunderstand them.

My advice to you, Disgusted, is to tell him that he can either work or move on and if that doesn't have any effect, move somewhere else as you are considering doing. There is no earthly reason for a young girl like yourself to support a brother who is healthy and has a good mind.

LOUISA.

Dear Louisa:—I would like to join a garden club but I understand you have to be invited. I have several friends who are interested in growing things and they would like to know if it would be all righ for us to let some of the club members know we would like to join. What do you think of this?

Y. W.

Answer:

If you have the opportunity, you might let some of the members know you are interested. But a better plan, I think, is to get a group of your friends together for a small club and ask one or two members of a prominent club to help you organize and sponsor your new club. In this way they will know you are interested and may even suggest that you join with them rather than organize a new club.

LOUISA.

Address your letter to 'Louisa,' 10815 Whyte Ave., Edmonton.

CHARRON SCHOOL CONDITIONS CONDEMNED BY READER

By a Reader

CHARRON.— We've seen many comments from many points on teachers in the local papers as to who's teaching where this year. They've been most interesting to read.

Well, Charron, (to put it as some of the school children were told) have the same "grey" back again this year, in the person of Miss H. Gregus, a supervisor.

Mind you, we have nothing against supervisors—only thing, we'd hoped for a change. We then may have seen more co-operation between school board and teacher, as should be. Or, perhaps, this would have made no difference. We don't seem to have a school board anyway, or at least not one that's been appointed lately—or I should say in the last half dozen years.

There hasn't been a ratepayers' meeting called in as many years anyway. This should be done once a year with a new member appointed to the school board or the old sworn back in; whichever the ratepayers vote on. Seems as though ratepayers have no say in this district.

The school boord seem to think the same, that they can't do much about the conditions of our school either, since the Divisional Board took over. So year by year, instead of gaining improvement, Charron School has gone to the "dogs" so to speak.

Although Charron School can boast of being one of the oldest schools around here, being built years before Wandering River country was even settled, and built before Govrin and Blue Jay schools boasted teacherages, we may add Charron is one of the poorest if not the poorest equipped.

There are 19 children attending this school, which has a seating capacity for 18. Eight double desks and two single. What becomes of our nineteenth pupil? Well, he sits on a block of wood till it's burnt for firewood by the janitor. Teacher also complains that it leaves too much bark on the floor, so our nineteenth pupil is compelled to stand up in school all day and do his lessons.

In this day and age we don't think this means necessary to learn the three "R's". We are sure many of our readers will agree.

Children are taught health and posture; what kind of a seat is a block wood? The least our school board could do is get a couple of ordinary kitchen chairs for more seating capacity—better than a block of wood. Mind you, there aren't more pupils attending this school than last year—less in fact. It's just that there's no up-keep. When a thing is broke it's broke—period. Everyone seems to have the idea that it's up to the next person. So, why a school board at all? Surely it's up to them to see there's a little up-keep.

Desk problems aren't the only thing in the school. Look at the water supply, the windows, the stovepipes and the heeater, and old man winter is just around the corner.

This school hasn't even had a thorough cleaning in five years. When we had a teacher they just wouldn't teach in a dirty school.

We sometimes wonder if these conditions haven't something to do with not geting a change in teachers.

With a little help and, of course interest, in our district and children's welfare, a lot of these conditions could be remedied with a lot of co-operation thrown in for good measure, of course.

The Allis-Chalmers Model "B" Tractor

The Model "B" will profitably displace from two to five horses. It will do all the jobs that horses are used for, and many power jobs that horses cannot do, such as belt and power take-off work. It not only does the work of five horses, but does it faster, better and more economically. So easy is it to handle that a teen-age boy can operate it and do as much work as a husky, full grown man. It is indeed an ideal all purpose tractor for family operated farms.

SPRUCE VALLEY TOPICS

SPRUCE VALLEY.— Mr. Peter Budz was on a business trip to Newbrook and returned home with a new 1 ton Ford truck.

Visitors to Edmonton during the week-end from days Oct.30th to Nov. 4th were:

Mr. and Mrs. Stanley Botar, Mr. Fred Ryl, Mrs. John Strumilak, Mr. and Mrs. Bill Duban and daughter Marie, and Miss Mary Semashkewich. Visitors to Edmonton during the week from days Nov. 6th to Nov. 11th were: Mr. and Mrs. Peter Koltowski and daughter Sylvia, and Mrs. Peter Homeniuk.

A very interesting double feature show was held in the Spruce Valley Hall on Thurs., Nov. 2. Another double feature show was held in the Spruce Valley Hall on Thurs., Nov. 9. They were called "Blondie and Dagwood", a comical show; "The Dog Chases the Pig", for the little children; and "Fuelin' Around", a hilarious comedy.

Mrs. Annie Obertowich from Edmonton, was home at her parents place, Mr. and Mrs. Harry Ryl and her sister and brother-in-law's place, Mr. and Mrs. Joe Smith of Boyle, from Nov. 4 to Nov. 6.

Mr. Nick Zilinski is still combining his clover (alsac) down in this district.

Mr. Harry Ryl and sons were working with their caterpillar piling brush on Mr. Peter Koltowski's farm last week.

A dance will be held in the Spruce Valley Hall on Saturday, November 11th, from 8 p.m. to 12 p.m. At this dance a Christmas cake will be raffled. Come and enjoy yourself.

The Ukrainian show which was supposed to be held on Oct. 31 was postponed to Nov. 8. A very large crowd attended. Show was enjoyed by all.

Mr. John Weindz is the unlucky person in this district.— Imagine, he has still not threshed his grain.

On Thursday, Nov. 9, Miss Alexander Nakonechny of Grassland, stayed with Miss Elsie Koltowski, while Miss Victoria Kolack of Frains, stayed with Miss Olga Strumelak. These girls said they enjoyed themselves very much.

Mr. Walter Zuber is home at his parents, Mr. and Mrs. Mike Zuber. While he is here he will also visit his sisters and brothers with their husbands and wives.

Plan of the Proposed Boyle Municipal Hospital District

In accordance with the provisions of the Municipal Hospitals Act, R.S.A., 1942, a request was received on April 4th, 1950, by the Minister of Health, at Edmonton, asking that a Municipal Hospital District be established to include the territory described below.

In compliance with this request, the Minister of Health established the BOYLE Municipal Hospital District on August 8th, 1950, appointed a Provisional Board and instructed it to prepare a plan for the operating of a hospital district in the said area, in accordance with the Municipal Hospitals Act.

The Provisional Hospital Board met on Monday, July 28th, 1950, and prepared the plan outlined below in accordance with the Municipal Hospitals Act. The plan is to be advertised throughout the district for a period of 14 days following which, providing that all provisions of the Municipal Hospitals Act have been complied with, the plan will be submitted to the Minister for final approval and a date fixed, not exceeding thirty days from the date of such final approval, upon which the ratepayers of the said district will be called upon to vote for the adoption or rejection of the said plan.

The territory included in the Boyle Municipal Hospital District is as follows:—

(a) That portion of the M.D. of Athabasca, No. 103, more particularly described as follows:
Townships 63, 64, 65, 66, 67 and 68, Range 19, West of the Fourth Meridian;
That part of Township 69, Range 19, West of the 4th Meridian, lying South of the Athabasca River;
Townships 64. 65. 66, 67, and 68, Range 18, West of the 4th Meridian.
Excepting therefrom Sec. 5, 6, 7, 8, 17, 18, 19, 20, 29, 30, 31 and 32, Townships 67, 68, 69, Range 19, West of the 4th Meridian. Lying South of the Athabasca River.

(b) That portion of L.I.D. No. 102, more particularly described as follows:
Townships 65, 66, 67, and 68, Range 17, West of the 4th Meridian.

The Hospital Plan submitted by the Provisional Board upon which the ratepayers will be asked to vote is as follows:

(1) It is proposed to enter into the following similar agreements with Athabasca Municipal Hospital District, No. 13; St. Catherine's Hospital, Lac La Biche; and St. Joseph's Hospital, Radway:

AGREEMENT made in triplicate this day of A.D., 1950.

BETWEEN:—

The Hospital at , in the Province of Alberta, (hereinafter called "the Hospital")

OF THE FIRST PART:

and

WHEREAS, THE BOYLE PROVISIONAL MUNICIPAL HOSPITAL BOARD is empowered to present a scheme to the ratepayers for the purpose of entering into an agreement with an approved hospital for the care and treatment of its ratepayers and resident non-ratepayers:

AND WHEREAS the Hospital is an approved Hospital within the meaning of the Hospitals Act being Chapter 184 of the Revised Statutes of Alberta, 1942.

NOW THEREFORE THIS AGREEMENT WITNESSETH:

In consideration of the premises and of the mutual covenants and agreements hereinafter contained, the Parties do hereby covenant and agree as follows:

1. Standard ward care as referred to in this agreement shall mean the bed accommodation provided to the patient when private or semi-private room accommodation has not been requested, and includes the routine services such as meals, nursing care, drugs, medication and dressings ordinarily provided without extra charge.

2. Semi-private or private room accommodation, when available, will be provided upon the request of the patient and the difference in rates between the standard ward and the private or semi-private room will be payable by the patient.

3. The Hospital agrees to provide care for ratepayers and resident non-ratepayers of the District and their dependents as defined by the Hospitals Act when admission to the Hospital has been arranged by a Physician and authorized by the Superintendent of the Hospital.

4. On behalf of those patients three years of age and over who have been accepted by the District as being eligible to receive the benefits under this Agreement, the District agrees to pay to the Hospital the sum of Three Dollars and Fifty Cents ($3.50) per day for every day the patient receives care in the Hospital and the Hospital agrees that it will not charge the patient more than one dollar per day on account of standard ward hospitalization.

5. On behalf of those patients accepted by the District as being eligible to receive the benefits of this agreement, the District agrees to pay to the hospital an additional sum of Two Dollars and Thirty Cents ($2.30), per day for every day the patient receives care in the hospital on account of extra services rendered to the patient and the hospital agrees that it will not charge the patient more than the amounts contained in the attached schedule of rates for such services which are the amounts charged to the hospitals' own ratepayers.

6. The terms of this agreement shall not apply to those patients who are receiving care in the Hospital under the Workmen's Compensation Act or under any legislation passed by Provincial or Federal Governments, or otherwise provided at public expense.

7. The Hospital agrees to inform the District of a patient's admission whenever the patient claims entitlement to the benefits under this Agreeement and whenever possible the notification shall be given within forty-eight hours following admission.

8. The District shall, wherever possible, within forty-eight hours following receipt of the notification, advise the Hospital whether or not the patient has been accepted as a person entitled to the benefits under this Agreement, and should the District fail to so advise the Hospital within seven days following receipt of the notification, the liability of the District for the payment of their portion of the account shall be deemed to be admitted.

9. The District shall pay to the Hospital the sums referred to in sections four and five of this Agreement, whichever is applicable, within one month following receipt of the account from the Hospital.

10. Nothing in this Agreement shall in any way be construed as taking away the liability of the District for its indigent patients.

11. This Agreement shall ensue to the benefit of and take effect and be binding upon the parties hereto from the 1st of January, 1951, and shall thereafter continue in force from year to year, subject to revision or cancellation at any time upon three months' notice in writing by either Party, such notice to be forwarded by registered mail.

IN WITNESS THEREOF the Parties hereto have hereunto affixed their seals together with the signatures of their proper officers.

SIGNED, SEALED AND DELIVERED IN THE presence of:

2. To supplement the revenue derived from taxation by the adoption of a schedule of fees as follows:

(a) To all ratepayers within the Hospital District a minimum tax of $10.00 per annum shall apply.

(b) Non-ratepayers within the Hospital District may receive hospital treatment at the rate of $1.00 per diem, upon payment of a yearly sum of $10.00 for single persons and the sum of $10.00 per family providing this sum is paid within thirty days of the commencement of the agreement and thereafter not later than January 10th in each year except that persons entering the hospital district must pay this sum within three months after coming to the district. The Board retains the right to refuse to accept this payment if, in its opinion, it is made for the purpose of receiving immediate hospital treatment. In this paragraph the family shall mean the father, mother, and dependent children only.

3. The Board may enter into agreements with City hospitals for the care of special and emergency cases, certified by the attending physician, which cannot be adequately hospitalized at any of the aforementioned hospitals.

4. The Plan for the proposed Revenue and Expenditure is as follows:—

(a) REQUISITION:

	Assessed Value	Mills	Requisitions
Pt. M.D. Athabasca, 103	$1,026,840.00	5.9	$6,048.00

Northern Flyers Are Found Safe

A small privately owned plane, reported one day overdue Friday, was flown back to its Lac la Biche base at 3:00 p.m. Saturday after repairs were dropped to it by an R.C.A.F. Dakota from the search and rescue headquarters in Edmonton. Piloting the small plane was Victor Hawirko, who had as his passenger Albert Mercier, a trapper.

The Dakota left Edmonton to search the area about 50 miles northeast of Lac la Biche at noon Friday and spotted the small plane about two hours later. Tramped out in the snow were the words "need propeller and skis."

The required equipment was picked up at Lac la Biche by the Dakota crew and dropped to the stranded fliers at 5:30 p.m. Friday.

After landing at Lac la Biche, Hawirko sent a message to search headquarters in Edmonton saying that the skis and propeller had been installed and the return trip made safely.

The two left Lac la Biche Monday for a point 51 miles northeast to look at a trapline. Thep planned on being gone three days.

When they failed to return, R.C.M.P. notified the R.C.A.F. and the search was started.

It is believed the light craft, wheel equipped, nosed over during a landing in snow, damaging the propeller.

Five Alberta Farmers Named to Hall of Fame

Names of the five Albertans who have made outstanding contributions to agriculture in the province will be placed in the provincial government's agricultural hall of fame this year, Hon. David Ure, minister of agriculture, announced last week.

Mr. Ure said recognition would be given the late Henry Wise Wood, a pioneer farmer and leader; the late Joseph Harvey Johnston, university farm manager and animal husbandman; Claude Gallinger, Edmonton district farmer and importer and breeder of livestock; Frank Collicut, Crossfield, pioneer rancher and Hereford breeder; and Charles S. Noble, Nobleford, farmer and pioneer in the development of soil conservation practices and the designer of dry farming machinery.

The main hall of the department of agriculture in the legislative buildings will be designated for the hall of fame, according to Mr. Ure. A tablet of appropriate design will be erected and on this tablet will be inscribed the names of those who are from time to time elected.

A committee has been appointed to receive and select the names of those who are deemed worthy of the honor. The committee consists of the minster of agriculture, senior officials of the Alberta department of agriculture and the president of the Alberta Federation of agriculture.

TO DESIGN NEW STAMPS

The Post Office Department plans to invite Canadian artists to submit designs for Canadian postage stamps.

Postmaster General Rinfret desires that the charcter of Canada and Canadian art be displayed and publicized more adequately through the medium of Canadian postage stamps. It is hoped that the enlistment of the interest of Canadian artists in postage stamp designs will result in more variety and modern treatment. Five designs are asked for.

(a) Secondary Industries of Canada.
(b) Well-known wildflowers of Canada.
(c) The larger animals of Canada.
(d) Portraits of Canadian Indians or Esquimax, or designs based on symbols of native life.
(e) Outdoor activities and scenes

The Postmaster General has stated that the Department desires to obtain an adequate collection of designs suitable for reproduction on postage stamps that will be available for some years to come. The Department does not desire to conduct a competition for these designs but rather is announcing a plan that will be of a continuous nature, provided the results obtained are satisfactory. It is anticipated that in future years artists will be invited to submit designs on additional subjects. The Department will pay $300.00 for every design that is selected by the Committee. Designs accepted and paid for will become the property of the Department.

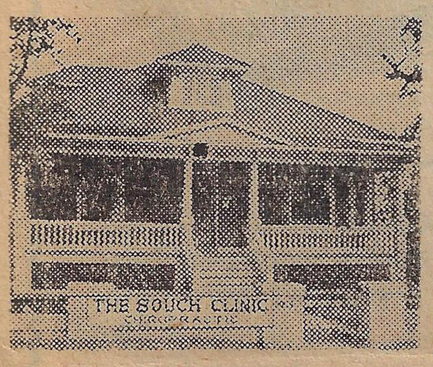

Farm Implement Supply May Drop

REGINA—Labor disputes and rising defence commitments may cut into farm machinery production in 1951. E. H. Ayling of Winnipeg said Friday at the Saskatchewan Implement Dealers' Association convention.

Mr. Ayling, vice-president and Canadian general sales manager of John Deere Plow Co., said "American business leaders are really taking this defence business seriously." He hoped farm machinery would be considered an essential industry because of the need for continuing food production.
